Fryksdalens Bryggeri AB is a microbrewery that started in March 2020.
The brewery is located in Lysvik in Sunne Municipality in beautiful Fryksdalen in the centre of Värmland.

The brewery was started by Niklas Nilsson and Rikard Olsson, who both live in Lysvik. Today the brewery is run by Niklas himself.
Both were genuinely interested in brewing beer. This interest started with home brewing in small breweries.
Now the beer is made in a 900 litre brewhouse that Niklas and Rikard made from an old milk tank from Wedholms.

The range consists of Light Beer, Foil Beer and Pilsner Drinks and American IPA.
Both Lättölen and Fôlkölen are authorised to be sold directly to private individuals, while starkölen is sold by Systembolaget.
