

Organisation's main activities

LIRO Services is a small company that provides education support services, human health care (specific well-being) and is experienced in European projects.

LIRO Services is headed by engineer Robert Gabriels. He has 40 years of teaching experience (3rd grade Technical Secondary Education) and over 20 years of European projects experience.

LIRO Services was established in January 2019.

LIRO Services mainly works, for educational support and human health care (specific well-being), with freelance employees.

LIRO Services was a partner organisation in 'Connecting VET for the European Digital Single Market' (2019-1-DE02-KA202-006079) and is/was an external team-expert in several KA1 projects of the applicant organisation (Atlas College Techniek & Innovatie).

The vice managership is exercised, on a freelance basis, by Liesbeth Gabriels. She works full-time as an occupational therapist in one of the largest psychiatric hospital in Belgium (Myna) and has 10 years of experience in intensive guidance.
